# Dr. Dmitry **Ryumin**

AI Expert

*Senior researcher of the Speech and Multimodal Interfaces Lab, SPC RAS*
*Associate Professor at the School of Computer Science, Physics and Technology, HSE University*

neweraairesearch@gmail.com | dmitryryumin.github.io | DmitryRyumin | Dr. Dmitry Ryumin

*"Innovate today, or become obsolete tomorrow."*

## Summary

Dr. Dmitry Ryumin is a scientific researcher and AI expert, with a portfolio of publications in high-impact Q1 journals and top-tier A* conference proceedings. He is an active reviewer for leading international journals and conferences. His research interests cover a wide range of areas, including speech technology, audio-visual speech recognition, sign language recognition, pattern recognition, computational linguistics, affective computing, assistive technologies, interpreted data processing, intelligent video analysis, computer vision, automatic machine learning, and multimedia systems.

## Education

**ITMO University** — *St. Petersburg, Russia*

PhD in Engineering — *Sep. 2016 - Dec. 2020*

- Thesis: "Models and Methods for Automatic Recognition of Russian Sign Language Elements for Human-Machine Interaction", supervised by Prof. A. Karpov

## Program Committees

| | | |
|---|---|---|
| 2025 | **Organizer & Program**, 27th International Conference on Speech and Computer (SPECOM) | *Szeged, Hungary* |
| 2024 | **Organizer & Program**, 26th International Conference on Speech and Computer (SPECOM) | *Belgrade, Serbia* |
| 2023 | **Organizer & Program**, 25th International Conference on Speech and Computer (SPECOM) | *Hubli-Dharwad, India* |

## Community Services

### Reviewing for Elsevier journals

| | |

### Reviewing for Elsevier journals

- Displays (SJR 24 - 0.665) 2
- Advances in Space Research (SJR 24 - 0.704) 2
- Results in Engineering (SJR 24 - 1.171) 1
- Aquacultural Engineering (SJR 24 - 0.836) 1
- World Development Sustainability (SJR 24 - 0.984) 1
- Information Processing and Management (SJR 24 - 2.062) 1
- Displays (SJR 24 - 0.665) 1
- Computers in Human Behavior Reports (SJR 24 - 1.709) 1

### Reviewing for IEEE journals

- IEEE Transactions on Circuits and Systems for Video Technology (SJR 24 - 1.858) 7
- IEEE Access (SJR 24 - 0.849) 3
- IEEE Transactions on Human-Machine Systems (SJR 24 - 1.132) 1
- IEEE Transactions on Multimedia (SJR 24 - 1.521) 1

### Reviewing for Springer journals

- Artificial Intelligence Review (SJR 24 - 3.01) 3
- Universal Access in the Information Society (SJR 24 - 0.633) 1

### Reviewing for Nature journals

- Scientific Reports (SJR 24 - 0.874) 2

### Conference Reviewing

- ICLR 2026
- ACL 2026
- EMNLP 2025
- INTERSPEECH 2024-25
- SPECOM 2023-25

## Skills

| | |
|---|---|
| **Speech & Audio Processing** | Audiovisual Speech Recognition, Emotional Speech Analysis, Affective Computing |
| **Sign & Gesture Recognition** | Sign Language Recognition, Gesture-based Interfaces, Assistive Technologies |
| **Computer Vision & Video Analytics** | Object Detection, Visual Command Recognition, Intelligent Video Analytics |
| **Machine Learning & Deep Learning** | Neural Networks, Transformer-based Models, Automatic Machine Learning |
| **Natural Language Processing** | Computational Linguistics, Multimodal NLP, Interpreted Data Processing |
| **Multimedia & Multimodal Systems** | Multimodal Emotion Recognition, Multimodal Interfaces, Human-Robot Interaction |
| **Applied AI Systems** | Speech-Driven Exoskeletons, Driver Monitoring Systems, AI-based Medical Assistive Tools |
